

Welcome to your summer course 'Supporting Pupils with SEN through Digital Technologies'. We hope you enjoy the course and find it worthwhile. Our aim is to make it as practical and interactive as possible. If you have any questions during the course, we are available at course2023@derrywashns.com

Please find below an outline of the course together with course completion requirements.

Full details of assignments can be found at <https://www.akwebdesign.ie/course23>

Forum posts are a requirement for asynchronous elements of the course only and should be approximately 150 words in length.
